# ABOUT ETON COLLEGE

Eton College is one of the UK's leading independent schools. Founded by King Henry VI in 1440, the school is over 500 years old and, in that time, has helped to produce leaders in politics, business and technology. Eton prioritises delivering a well-rounded education to its 1,300 students, coupling academic excellence with key life skill development. All boys are encouraged to take advantage of the many extra-curricular activities on offer. Through membership of their boarding house, sports, arts, music and hundreds of different societies (which boys run themselves) they have ample opportunity to develop soft skills.

## ETON'S NOTABLE ALUMNI

# ABOUT ETON X

EtonX is a British education technology company founded by Eton College in 2015 with one mission in mind: to create innovative software and high-quality course materials that allow students to develop the skills they need for their future success. Since then, we have supported teenagers all over the world using our customised learning platform.

Each course has its own Course Director from Eton College who has advised on the syllabus and content. It's important to us that our courses include activities undertaken at Eton in lessons, tutorials and in extra-curricular activities that reflect Eton's own teaching ethos.
