

# TAILORED, NOT UNIFORM

Mander Portman Woodward (MPW) is one of the UK's leading names in fifth- and sixth-form education. For over half a century, we have offered a distinctive alternative to traditional schools. Every element of our approach to education - small classes, a flexible curriculum, extensive exam practice, a strong tutorial system, superb teaching, and a socially relaxed atmosphere – is designed to help students turn their academic aspirations into reality.

## Short Term Study Opportunities

Our High School Term programme gives international students the opportunity to undertake short term study in the UK alongside British and other international students. Students immerse themselves into life at an MPW college, to improve their English language skills, learn more about British history and gain first-hand experience of the best of British culture.

They also gain experience of a variety of subjects to help guide their choice of what they would eventually like to study at university in the UK or in their home country. Upon completion of the programme, students receive a detailed report of their progress during their studies with us.
